BACKGROUND

- 1 Washington law requires regulated telecommunications companies to file annual reports and pay regulatory fees by May 1 of each year. WAC 480-120-382. On February 28, 2014, the Washington Utilities and Transportation Commission (Commission) mailed annual report and regulatory fee forms to all regulated telecommunications companies. The forms included a reminder that companies must file their annual reports and pay their regulatory fees by May 1, 2014, or face penalties of \$100 for each violation of Commission rules. In the case of continuing violations, each day’s continuance is a separate violation. RCW 80.04.405.
- 2 Interstate Telecommunications did not file its annual report on May 1, 2014, and had not made that filing by May 15. On May 30, the Commission assessed a penalty of \$1,000 against Interstate Telecommunications, calculated as \$100 per business day from May 1 to May 15.
- 3 On June 4, 2014, Interstate Telecommunications responded to the Commission’s penalty assessment admitting the violations and requesting mitigation of the penalty based on the written information provided. The Company explained that it mailed its annual report on April 28 or 29, 2014, but it was returned the week of May 5 as “undeliverable” because it lacked postage and a correct address.
- 4 Interstate Telecommunications ultimately filed its annual report on May 19, 2014, with no regulatory fee due.

5 On June 20, 2014, Commission Staff (Staff) filed a response recommending a penalty reduction to \$200 on the basis that the company has no prior violations of WAC 480-120-382.

DISCUSSION

6 WAC 480-120-382 requires regulated telecommunications companies to file annual reports and pay regulatory fees by May 1 of each year, and companies are responsible for being aware of applicable Commission rules and complying with their legal obligations. The Company should have mailed its annual report to the correct address, with correct postage, in sufficient time to arrive at the Commission by close of business on May 1.

7 The Commission nevertheless agrees with Staff's recommendation. The Commission may consider a number of factors when entertaining a mitigation request, including a company's compliance history, whether a company promptly corrected the violation at issue, and the likelihood the violation will recur.¹ This is Interstate Telecommunications' only violation of WAC 480-120-382, and the Company filed its annual report prior to receiving a penalty. Interstate Telecommunications has been registered with the Commission since 1994; given the Company's history of compliance, it is unlikely the violation will recur. The Commission will therefore exercise its discretion to reduce the penalty to \$200.

ORDER

THE COMMISSION ORDERS:

- 8 (1) The request of Interstate Telecommunications, Inc. for mitigation of the \$1,000 penalty is GRANTED in part, and the penalty is reduced to \$200.
- 9 (2) The penalty is due and payable no later than July 23, 2014.
