Dear Valued Commercial Customer,

This is to notify you of a proposed rate change for commercial services in the Fiorito Enterprises Inc & Rabanco Companies, DBA Kent-Meridian Disposal areas of King County. Should the Washington Utilities and Transportation Commission (Commission) approve our request customers will experience an overall rate increase throughout all classes of service.

As you may know, it has been nearly two years since our last general rate case. In that time Kent-Meridian Disposal has experienced increases in costs that are key to delivering our services; including labor, fuel and maintenance costs. In addition, the company continues to invest in new assets to ensure it can deliver the safest, most efficient service possible. **If approved, the proposed rates will become effective June 1, 2015.**

The proposed rate increases for our Commercial, Multi-family, & Roll-off services range from 13% to 25% and not all services are listed above. Most customers will likely experience increases of about 13%. Multi-family rates are slightly higher than commercial due to an additional proposed recycling charge of \$2.24 per yard (previously \$1.54 per yard).

If you have questions about the proposed rate increase you may contact the company at (253) 872-7220.

The commission has the authority to set final rates that may be either lower or higher from the company's request, depending on the results of its investigation.
