COMMISSION

In Docket TR-170984, the Commission approved installation of median barriers at USDOT 084789V by Order 01, effective October 25, 2017. The Order, in §13(3) states:

Upon completion of the modifications authorized herein, the County must notify the Commission within 60 days. Acceptance of the changes is subject to inspection by Commission Staff, verifying that the crossing is in full compliance with applicable laws, regulations, and the conditions specified herein.

Skagit County did not inform the Commission of completion of the project. However, a review of Commission records shows that Rail Safety staff inspected the crossing in August 2018. Records and photographs confirm that installation of median barriers is complete and in compliance with Order 01 in TR-170984.

This matter is now closed.
