Re: Docket TC-200927 – **Modification of Territory** - Pacific Northwest Transportation Services, Inc. (C-862) Temporary Auto Transportation Authority Application

Mr. Johnson:

Pacific Northwest Transportation Services, Inc. (C-862) d/b/a Capital Aeroporter is hereby applying for the following (modified) Temporary Auto Transportation Authority:

- Door-to-Door Passenger Service between the SeaTac Airport and points within King County (Excluding Vashon and Maury Island), Snohomish County, and the portion of Pierce County that lies East and South of Puget Sound Waterways and the Tacoma Narrows (***Excluding Joint Base Lewis McChord (JBLM) and the following point within the city limits of the City of Tacoma which is specifically authorized to Bremerton-Kitsap Aeroporter, Inc, under Certificate of Public Convenience and Necessity No. 903: Denny's Restaurant at 5924 -6th Avenue in Tacoma***).
- Door-to-Door Passenger Service between the Seattle Waterfront Piers and points within King County (Excluding Vashon and Maury Island), Snohomish County, and the portion of Pierce County that lies East and South of Puget Sound Waterways and the Tacoma Narrows (***Excluding Joint Base Lewis McChord (JBLM) and the following point within the city limits of the City of Tacoma which is specifically authorized to Bremerton-Kitsap Aeroporter, Inc, under Certificate of Public Convenience and Necessity No. 903: Denny's Restaurant at 5924 -6th Avenue in Tacoma***).
- Scheduled Passenger Service between the Seattle-Tacoma International Airport, Downtown Seattle Hotels and the Seattle Waterfront Piers.

With the immediate public need and necessity not being met or satisfied in all areas listed within our application where we do not currently hold Auto Transportation Authority, it is in the public interest to approve this application expeditiously, after all due diligence. **Per WAC 480-30-156** There is no other existing certificate holder that is providing any of these services to the satisfaction of the Commission. Our temporary certificate meets all the requirements of **WAC 480-30-096**. It is in the public interest that this temporary authority is granted as soon as possible, due to the lack of available auto transportation options and unmet public need. With our many years of experience and immediately available resources, we will work diligently with WUTC Staff and Commissioners to quickly fill the void that has been left by previous operators and certificate holders.

Sincerely,

John Fricke
