Regarding: **UG-201012, Revised Tariff Revision, Advice No. CNG/W21-01-01**  
**Do not Re-Docket**

In its substitute filing in this docket on January 12, 2021, Cascade Natural Gas Corporation (“Cascade” or “Company”) made two revisions to its original filing from December 31, 2020. One of those revisions needs to be rescinded now.

On tariff sheet 300-A, the Washington State building code was subject to change February 1, 2021 but was then delayed until July 1, 2021 per the Building Code Council. The Governor repealed the delay of all 2018 codes on January 18<sup>th</sup>. Therefore, Cascade will remove programmable thermostat incentives for new homes in accordance with the reinstated 2018 code requirements.

This filing is comprised of the following files:
