RE: Commission Staff's Letter Confirming Compliance  
D-210065, Green Image Landscape Services– Investigation #8473

Dear Ms. Maxwell

Commission staff (staff) has reviewed the compliance order for Green Image Landscape Services (Green Image or Company) dated December 30, 2021. Compliance with the order required the following:

- The Company to pay a \$200 portion of the \$1,000 penalty amount, with the remaining \$800 portion of the penalty amount suspended and ultimately waived;
- The Company supervisors and applicable field staff attend NUCA Dig Safe online training and;
- The Company incurs no other dig law violations within 12 months.

On March 17, 2022, Green Image notified the Commission of its acceptance of the conditions and made a \$200 payment. On January 17, 2023, the Company submitted verification of its completion of Dig Safe training. The Company has not incurred any additional violations of the dig law since the Penalty Notice.

Staff believes Green Image has complied with the Commission's order, and further compliance under this order is no longer necessary. Staff recommends the Commission waive the suspended \$800 penalty amount and close the docket.

Sincerely,

Scott Rukke  
Director of Pipeline Safety
