

Dear Utilities and Transportation Commission

This letter I am being written in support of Paul James Akerman to start a moving company. I was the plaintiff in the forgery case against Paul James Akerman, and I was married to him at the time. Paul had cashed a check from my bank account using his company account for \$250.00 and has made amends and I feel that today he is an honest and trustworthy individual today. Furthermore, the assault in the 4th degree case was against my son while we were married and after he was verbally assaulted by my son pushed him and he fell and cut his finger on a dinner plate. The no contact order violation was when Paul was waiting for me at my condo and my son called the police because he was struggling with his own problems at the time and paul was a target of his anger, Paul has never been violent towards me or anyone that I know of. That was a long time ago and even though we are not together we still spend holidays together. Any questions Please feel free to call Pamela Akerman Oman.

Sincerely, Pamela Akerman Oman (206) 954-2454

A handwritten signature in black ink, appearing to read 'Pamela Akerman Oman', with a long horizontal flourish extending to the right.
