Subject: Proposed Avista Rate Increases

Message: Thank you so much for representing the people of Washington State!! Earlier this year I contacted Brian Dassel's office about this matter and was told by one of his legislative assistants that they would not be involved in relaying constituents comments on these proposed rate increases. The only way a resident of Washington State could voice dissent on this matter was to attend "evidentiary" meetings. Thank you for your input supporting fair increases. We Washington residents seem to get steamrolled by Avista all the time. There is NO competition. They hold us all hostage and it takes a voice of authority to make them want to negotiate and look like a "reasonable" entity and one of the good guys...all any of us want is value for our money and not silliness like smart meters etc that are out of date before they are ever installed due to the speed of new innovations that are developed. I am glad I voted for you!! I find it hard to believe that others I voted for do not stand up for their constituents. Thank you again! Sheryl E. Ehrendreich
