Re: Credits to Customers Related to Holding Company Formation

Northwest Natural Gas Company, dba NW Natural (NW Natural or Company) files herewith the following revisions to its Tariff WN U-6, stated to become effective with service on and after November 1, 2019, as follows:

First Revision of Sheet 209.1	Schedule 209	Credits to Customers Related to Holding Company Formation
-------------------------------	--------------	-----------------------------------------------------------

The purpose of this filing is to revise Schedule 209 to reflect the credit to be applied to customer bills in accordance with Stipulated Condition 35 adopted by the Commission in docket UG-170094, WUTC Order 01, dated December 28, 2017.

The effect of the adjustments proposed to become effective November 1, 2019, is an increase to the average monthly bills in the primary rate schedules as follows: Residential Schedule 2 bills will increase by less than 0.01% and commercial Schedule 3 bills will increase by less than 0.01%. The effect of the adjustments will increase the Company's annual revenues by \$129, or about 0.00%.

In addition to the supporting materials submitted as part of this filing, the Company will separately submit work papers in electronic format, all of which are incorporated herein by reference.

In accordance with WAC 480-90-198, the Company will provide notice to customers as stated in WAC 480-90-194(4). A copy of this notice is included with the Company's informational PGA combined effects filing.

The proposed rate change will affect all of NW Natural's Washington customers. NW Natural currently serves approximately 78,579 residential customers and 7,337 business and industrial customers in the Company's Washington service territory.

The Company respectfully requests that the tariff sheets filed herewith be approved to become effective with service on and after November 1, 2019.

As required by WAC 480-80-103(4)(a), I certify that I have authority to issue tariff revisions on behalf of NW Natural.
