

Sam/Mitch/Brian,

We've been running into some issues lately with BDI not keeping up with emptying the rejects dumpsters at OCC. There has been a few occasions where we have had to start dumping rejects on the ground on the south side of the OCC building and just let the rejects pile up against the building because we have no empty dumpsters to deposit the rejects.

This last weekend BDI did not empty enough dumpsters to get us through Sunday when BDI does not operate. At the start of day shift on Sunday (6:30 AM) we had already run out of dumpsters and had to spend the entire day piling the rejects in front of the south side of the building until this morning when BDI resumed hauling the dumpsters away (see the picture attached showing the resulting rejects pile).

We need to push BDI to stay on top of emptying these rejects dumpsters so this doesn't happen again on the future. I think right now they are scheduled to haul 5-6 dumpsters per day. We may need to increase that to 7-8 dumpster per day now that we are up and running at higher production rates. They also need them to ensure that at least 10 dumpsters are empty before going into Sunday so that we can get through the ~36 hour period when they are not servicing the area.

I appreciate your help on this and let me know if there's anything you need from me!

Thanks,

**Skyler Rachford**
