RE: *Sarah Hand v. Rainier Water View Company, Inc.*,  
Docket UW-170924

TO ALL PARTIES:

On November 8, 2016, Sarah Hand contacted the Washington Utilities and Transportation Commission (Commission) to raise issues about the quality of the water she is receiving from Rainier View Water Company, Inc. (Rainier View or Company). On August 31, 2017, the Commission converted Ms. Hand's complaint into a formal complaint (Complaint), and initiated this adjudicative proceeding.

In its Brief Concerning Jurisdiction and Remedies, Commission Staff (Staff) discusses two memoranda of understanding (MOU) between the Commission and the Washington Department of Health (DOH) that set out the roles and responsibilities of each of those two agencies with respect to regulation of water companies. The prefiled testimony of Rachel Stark on behalf of Staff also refers to an MOU between the Commission and DOH.

**BENCH REQUEST NO. 1:**

Please provide a copy of each and every MOU between the Commission and DOH regarding water quality and service regulation.

**THE COMMISSION GIVES NOTICE That Staff must respond to this Bench Request by 5:00 p.m. on Friday, June 29, 2018.**
