

[Service Date November 30, 2004]

November 30, 2004

**NOTICE OF BENCH REQUEST
(Due by noon, December 3, 2004)**

RE: In the Matter of the Review of Unbundled Loop and Switching Rates and
Review of the Deaveraged Zone Rate Structure
Docket No. UT-023003

TO THE PARTIES:

During the course of the hearing in this case, the Commission made a bench request of Verizon to produce the Turner Price Index. *Transcript 859*. Verizon then indicated that the Index was included in Verizon's workpapers, apparently in Exhibit 225. The Commission located a form of the Index on CD No. 3. of 10 included in that exhibit. However it was not in a usable format for purposes of the Commission's deliberations.

On November 29, 2004, Verizon supplied information purporting to tell where in its exhibits and workpapers the Turner Index might be found. The Commission remains unable to locate the Turner Index in the document referred to by Verizon because it is voluminous and a word search failed to find a usable version of the index. The Commission is currently deliberating on the issues in this proceeding and access to the Index is an integral part of that process. Therefore, the Commission requests that Verizon supply a complete version of the Index as soon as possible, but no later than December 3, 2004, at noon.

NOTICE IS GIVEN That Verizon must supply to the Commission and the parties a complete, stand-alone version of the Turner Price Index on or before December 3, 2004 at noon.

Sincerely,

THEODORA M. MACE
Administrative Law judge
