Comments

What company are you commenting about? *

Puget Sound Energy: docket number UG-200112

Are you in favor of the company's proposal? *

Yes No Undecided

Comments: (Maximum 8,000 Characters)

I am an original home owner and the house was purchased new in 1974. For most of all these years we have used the PSE leased hot water tank program. Currently, our two hot water tanks are to be replaced in 2026. PSE has provided outstanding customer service with regard to both hot water tanks. I do not want to lose this excellent customer service or risk losing such good service to a secondary vendor.

I am an original home owner and the house was purchased new in 1974. For most of all these years we have used the PSE leased hot water tank program. Currently, our two hot water tanks are to be replaced in 2026. PSE has provided outstanding customer service with regard to both hot water tanks. I do not want to lose this excellent customer service or risk losing such good service to a secondary vendor.

I urge the UTC to not approve the sale of PSE's leased hot water tank service to Grand HVAC Leasing.
