Statement Demonstrating Functionality
In Emergency Situations

At line 600 of FCC Form 481, Hood Canal Telephone Co., Inc. ("Hood Canal") certified that it is able to function in emergency situations as set forth in 47 C.F.R § 54.202(a)(2). This means that Hood Canal has reasonable amount of back-up power to ensure functionality without an external source, is able to reroute traffic around damaged facilities and is capable of managing traffic spikes resulting from emergency situations. This statement will detail how Hood Canal is prepared to ensure continued service in an emergency situation.

Hood Canal has battery back-up with a minimum of an eight hour run time for its central office. In addition, it has a back-up generator for the central office and operations center and portable generators available for remote sites.

Hood Canal has route redundancy for long distance service, E-911 trunking and SS7 signaling trunking.

Hood Canal's outside plant is designed, engineered and built with sufficient capacity to handle traffic spikes resulting from emergency situations and has been able to do so in the past. Hood Canal is in an area where severe weather strikes periodically and has been able to handle communication needs at those times and has the experience from those situations to be able handle such emergency situations in the future.

In the case of isolated groups of customers that may suffer damage due to a cable cut, Hood Canal maintains sufficient staff and other resources to be able to put customers back in service in a very short amount of time. Hood Canal's emergency service equipment is located within its exchange and requires very little time to dispatch.

PUBLIC NOTICE

Advertisement HOOD CANAL COMMUNICATIONS Hood Canal Communications has been the local telecommunications company serving the Union, Washington area since 1934. Since its inception, the company has been dedicated to developing and operating a modern, state-of-the-art communications network that provides high quality customer services and products at reasonable rates. The company has accomplished these objectives, notwithstanding the higher costs of serving rural areas in the State of Washington and when few, if any, other telephone companies were interested in serving our communities. It has served, and intends to continue to serve both residential and business customers in our service area with high quality telecommunications services at rates that are competitive and affordable. In addition to our basic telephone services, Hood Canal Communications offers advanced telecommunications services to its rural communities, including broadband services, special calling features and voice mail service. Such basic services are comprised of several components, which at a minimum include: Monthly Charge * Services Offered

Line 1222 Details on the number of minutes provided as part of the plan.

Hood Canal only provides its lifeline customers a flat rate local service. There is no measured local service provided, so the number of minutes provided is not necessary.

Line 1223 Additional charges for toll calls, and rates for each such plan.

Hood Canal does provide access to toll service providers to its lifeline customers. The lifeline customer has to choose its own toll service provider, so no additional charges are noted or required by Hood Canal.
