November 5, 2010  
Public Counsel Data Request 156

**Public Counsel Data Request 156**

Please provide *all* offers to purchase RECs received by PacifiCorp in 2008, 2009, and 2010, regardless of whether PacifiCorp is considering accepting the offer. Please provide the terms of each offer, including (1) the date the contract was entered into, (2) price per-REC, (3) delivery date(s), and, (4) all other terms. This is a continuing request to be supplemented before the conclusion of this proceeding if and when an existing offer is amended or a new offer is made.

**Response to Public Counsel Data Request 156**

The Company objects to this request on the basis of irrelevance. The Company has provided Public Counsel with information regarding the value and level of REC sales; unconsummated offers to purchase RECs are not relevant to calculating REC revenues in this proceeding. Moreover, the Company does not maintain a comprehensive list or database of all REC purchase offers. It would be unduly burdensome to require the Company to compile such information.
