Dear Judges Friedlander and Pearson, during the evidentiary hearings the Commissioners and parties were kind enough to recognize and preserve the confidentiality of certain information concerning 2017 earnings until such time as Avista publicly disclosed such information for the benefit of investors. Today, the Company issued its earnings release, disclosing 2017 results and providing some information on the impact of Tax Reform. Accordingly, it is no longer necessary to maintain the confidentiality of pages 370-394 of the transcript or Exhibit MTT-13C. Therefore,

parties no longer need to treat this information as confidential in their briefs. Again, thank you for your accommodation at time of hearing. David Meyer

Judges Friedlander and Pearson:

Within the Company's rebuttal testimony, through Company witness Ms. Schuh, the Company said it would file an annual Washington Electric and Natural Gas Capital report by February 15 of 2018, 2019 and 2020. (Exh. KKS-3T, p. 31) This annual report was meant to include actual year-end plant balances for each of the calendar years 2017, 2018 and 2019. Because the Company recognizes that the record is now essentially closed, except for a pending Bench Request No. 9, and because Post-Hearing Briefs are due February 22, 2018, the Company is not planning to file in these dockets the first of these reports on February 15, 2018 for calendar year 2017, unless requested by the Commission for purposes of these dockets.

Thank you.

David Meyer
