Response to Public Counsel Data Request 184

The Company objects to this request on the basis that it requests information related to jurisdictions not relevant to this proceeding. Notwithstanding this objection, the Company responds as follows:

All REC sales contracts applicable to resources in ratebase in Washington have been provided previously. Please refer to the Company's response to PC Data Request 155 and PC Data Request 158 for REC contracts for 2009 and 2010. Also, as referenced in a May 19, 2011 email from Andrea Kelly to parties regarding the May 24, 2011 REC Compliance Filing, "all but one contract shown in the transaction details was provided in response to data requests in the last case (Public Counsel 155 and 158) on a highly confidential basis." A copy of that contract, Green Mountain TT3740, was provided to parties at that time. For convenience, a redacted version is provided here as Confidential Attachment PC 184.

The Company considers the unredacted REC sales contracts to be of utmost commercial sensitivity and highly confidential. An unredacted version of the Green Mountain contract is being provided pursuant to terms of the agreements made with parties in this docket regarding highly confidential material.

Confidential information is provided subject to the terms and conditions of the protective order in this proceeding.
