In support of the tariff revisions, the Company is providing the following workpapers:

- Attachment 1 contains the workpapers supporting the RY2 Compliance Tariffs - Electric.
- Attachment 2 contains the workpapers supporting the RY2 Compliance Tariffs - Natural Gas.

Please note that the Company has removed Colstrip Tracker Schedule 99 rates per the approved settlement agreement from electric base rates. These rates separately recover Avista's Units 3 and 4 costs (exclusive of transmission investment and those costs included in the Energy Recovery Mechanism), including operating and maintenance and other expenses, depreciation expense, decommissioning and remediation costs, and return on rate base.

Please direct any questions related to Joe Miller at 509.495.4546.

Sincerely,

/s/ Patrick Ehrbar
