RE: *In the Matter of Northwest Natural Gas Company's Application for Approval of Corporate Reorganization to Create a Holding Company,*
Docket UG-170094

TO ALL PARTIES:

On December 29, 2017, the Washington Utilities and Transportation Commission (Commission) entered its final order, Order 01, Approving Application Subject to Conditions (Order 01) in Docket UG-170094. On March 13, 2018, Order 01 was amended to incorporate a list of commitments with which Northwest Natural Gas Company (NWN-U or Company) must comply. This list includes Commitment 35, which states:

For a period of three years following the formation of HoldCo, NWN-U will provide an annual credit to Washington customers in the amount of \$55,000 on an equal percent margin basis concurrent with NWN-U's PGA.

On September 12, 2019, NWN-U filed revised tariff schedule 209, proposing updated customer credit rates. On September 27, 2019, the Company filed a revised tariff page. The Company's revised tariff will become effective on November 1, 2019.

On October 25, 2019, Commission staff filed a letter in this docket stating that Staff had reviewed the revised tariff schedule and believes that it provides sufficient detail regarding the required customer credits.

The Commission finds that revised tariff schedule 209 filed by NWN-U on September 12, 2019, and revised on September 27, 2019, complies with the terms of Order 01.
