**BACKGROUND**

1 By supplemental petition filed August 23, 2001, in Docket UT-002058, Dancris Telecom, LLC, (Dancris) seeks to amend its registration authority as a telecommunications company and classification as a competitive telecommunications company pursuant to RCW 80.36.350 and 80.36.320. Dancris also filed revisions to its price list.

**DISCUSSION**

2 Dancris proposes to amend its competitive classification and registration authority with the Commission as a telecommunications company to offer alternate operator services. Services specified in Exhibit A but not included in its initial price list may not be offered until applicant amends its price list to include the description of service with rates and charges. In support of its petition, Dancris asserts that its services compete with other interexchange carriers telecommunication services. Dancris states that customers have readily available equivalent alternatives and that there are no captive customers of the Company's services.

3 Dancris is a limited liability company headquartered in Scottsdale, Arizona. Rates, terms, and conditions set forth in the revisions to its price list are structured similarly to rates filed by other interexchange carriers for calls placed in the relevant market.

4 Dancris has provided information showing that it meets the requirements of RCW 80.36.350. Applicant does not propose to collect deposits from customers, or provide local exchange services.

5 In conjunction with classification, the Company is seeking waiver of:
