RE: additional scheduled service. Certificate C-1073

Dear Mr. Danner

Please accept these replacement pages for our filing last week. Mr. Gomez (UTC staff) in his initial review of our filing found a number of errors in our documents and provided direction on how to make them more reflective of the service changes we requested.

We have also attached a new LSN request that will allow us to make a minor change to our 6AM run and change it to a 5AM run.

We certainly appreciated Mr. Gomez's good direction and appreciate your patience while we assembled the documents correctly.

Regards

Richard Johnson
