Ref. No. Docket PG-101403

December 8, 2010

Jay Higgins
400 Hookahi Street,
Wailuku, Hawaii, 96793

Dear Mr. Higgins:

RE: 2010 Master Meter System Inspection – Knotty Pine Apartments

On November 30, 2010 we received correspondence from you via email stating Knotty Pines Apartments is still in the process of getting cost estimates to eliminate the existing master meter system. You further noted that once you have evaluated the estimates a decision will be made to either have the system removed or remain a jurisdictional pipeline operator.

An inspection of the Knotty Pine gas system will be scheduled in CY 2011. This inspection will be cancelled on notification from Knotty Pine and verification from Avista that the master meter system has been eliminated.

Docket PG-101403 will be closed as of December 8, 2010.

We thank you for your cooperation in this matter. Please refer to Docket PG-101403 in all correspondence. If you have any questions or need further assistance, please contact Patti Johnson at (360) 870-4915 or (360) 664-1266.

Sincerely,

David D. Lykken
Pipeline Safety Director
