Re: Temporary Authority Docket No TV -101578
Canadian Company

In writing this letter of protest in regard to your UTC Docket dated 12/7/2010 and temporary permit # THG064094. As a business owner and a tax payer in the State of Washington, I am appalled that my State would allow a company not only from outside the state, but from another country to come in and do business while not paying one cent in taxes.

When I go to Canada to deliver an INTERSTATE shipment, I am not allowed to bring help with me across the border. Though it has been disheartening to see the WUTC grant authority to drug addicts, convicted felons, and dead beat dads, in the past, this is a new low.

I am not a scholar in Interstate Commerce, but I am sure there are U.S. Constitutional violations at play as well. We have enough household goods carriers in this state to support its population. In the midst of one of the worst recessions our generation has seen, this is a dis-service to our industry and the tax payers of the State of Washington.

Sincerely,

William V. Brown
President
