**RE: Sanitary Service Co, Inc., G-14 – Docket # TG-102022 – Please do not redocket**

Dear Mr. Danner:

On behalf of Sanitary Service Company, Inc., enclosed please find substitute pages for Tariff No. 7. Please do not redocket. We expect this filing to be presented to the Commissioners for approval at the Open Meeting on May 26, 2011.

The revised rates reflect adjustments resulting from Commission Staff's audit, as well as from fuel prices for the most recent twelve-month period and disposal fee increases. The company requests an exemption from WAC 480-70-266, Tariffs, to allow the revised rates, as filed by the company today, to become effective June 1, 2011, on less than statutory notice, as permitted by WAC 480-70-276 because the revised rates result in some increases compared to the rate the company originally proposed. The overall increase is still less than 1% (one percent).

Also, because the rates are slightly different from the ones originally filed-for, they are not the same as the rates described in the customer notices that have been previously sent out. Sanitary Service Company, Inc., therefore also requests an exemption from WAC 480-70-271, Customer Notice, to allow the company to notify customers affected by the increased revised rates in the next billing cycle.

Sincerely –

Paul A. Razore  
President
