

WASHINGTON
UTC
UTILITIES AND TRANSPORTATION
COMMISSION

TO: Suzanne Stillwell, Licensing Services
FROM: Tina DePinski, Transportation Specialist 3
DATE: April 29, 2013
SUBJECT: Docket TV-111506; Application for Permanent Authority

On March 8, 2011, Can't Stop Moving, LLC, filed Docket TV-111506 requesting permanent household goods authority.

The commission granted the company temporary authority subject to conditions pending a decision on its application for permanent authority. The company has operated under Household Goods Carrier permit THG-63768, since September 14, 2011.

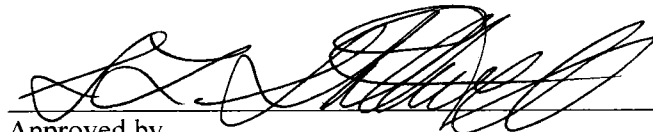

Under WAC 480-15-330, the commission will grant or deny an application for permanent authority after conducting a complete review of the application filings, supporting statements, reports, or other information necessary to determine fitness, public interest, and current or future public convenience and necessity.

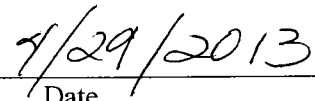

Compliance staff worked with the company providing technical assistance during its temporary operations. Investigator Richard Smith completed a Safety Compliance Review, a Household Goods Technical Assistance and Records Review Checklist. Investigator Smith found the company in general compliance and on August 20, 2012, he recommended the applicant be considered for permanent authority.

The current provisional permit THG-63768 is in order as follows:

- Records Center has the annual report on file;
- Financial Services reports the company has paid appropriate regulatory fees;
- The commission does not have any outstanding penalty or other fines;
- Consumer Protection does not have a pending consumer complaint;
- Transportation Safety does not have a pending compliance action; and
- Company representative attended HHG training on October 12, 2011.

I recommend the commission grant TV-111506 without hearing and reissue permit THG-63768 to HG-63768, Can't Stop Moving, LLC, as unrestricted permanent authority to operate as a household goods carrier in the state of Washington.
