

**BEFORE THE WASHINGTON STATE  
UTILITIES AND TRANSPORTATION COMMISSION**

In the Matter of

PACIFIC POWER & LIGHT  
COMPANY'S

Proposed Request for Proposals

DOCKET UE-132094

ORDER 01

ORDER APPROVING REQUEST  
FOR PROPOSALS

**BACKGROUND**

- 1 On November 6, 2013, Pacific Power & Light Company (PacifiCorp or Company), filed a proposed Request for Proposals for Market Resources (Market RFP) with the Washington Utilities and Transportation Commission (Commission), pursuant to WAC 480-107-015(3)(b). The Market RFP was posted on the Commission's Web site the same day.
- 2 WAC 480-107-015(3)(b) provides that a utility must submit a proposed request for proposals (RFP) and accompanying documentation describing its solicitation of bids for delivering electric capacity, energy, or electric capacity and energy, or conservation no later than 135 days after the utility's Integrated Resource Plan (IRP) is due to be filed with the Commission. PacifiCorp requested and was granted an exemption from a portion of the rules in Docket UE-131670.<sup>1</sup>
- 3 Interested persons are then provided a 60-day opportunity within which to provide comments on the proposed RFP. After the close of the 60-day comment period, the Commission has 30 days to determine whether to approve or suspend the RFP, as filed.
- 4 The Commission issued a Notice of Opportunity to Comment to all interested persons on November 15, 2013. The 60-day comment period, starting from the filing date, for PacifiCorp's proposed RFP closed on January 3, 2014. During the 60-day comment period, the Commission received no comments on the Market RFP.

<sup>1</sup> *In the Matter of the Petition of PacifiCorp, d.b.a. Pacific Power & Light Company for Waiver from Certain Requirements Related to Requests for Proposals Contained in WAC 480-107, Docket UE-131670, Order 01 (October 10, 2013).*

5 Staff subsequently reviewed the current IRP and contents of the proposed Market RFP for consistency with the rule. Staff identified one oversight in the Company's proposed Market RFP, which defined criteria for ranking bids that were inconsistent with those required in WAC 480-107-035(2). After Staff expressed this concern, PacifiCorp filed a revised Market RFP on January 17, 2014, which included all the required criteria. Staff has concluded that the revised Market RFP has satisfied the RFP requirements of WAC 480-107, and therefore recommends that the Commission approve the revised Market RFP as filed on January 17, 2014.

6 PacifiCorp must solicit bids for electric power and electrical savings within 30 days of this Commission order per WAC 480-107-015(3)(c).
