When you click on the link to request a review of a delegated action, it just puts you at the same page. The hyperlink does not work, or points back to the same page

This is a formal request for a review of Docket D-160907, regarding Nate's Plumbing Inc. Requesting a hearing. In this case, the reviewing authority failed to review that a Ticket had been issued to the contractor and only due to a scrivener error, the ticket (which was valid) was not transferred to Nate's Plumbing. It is fairly routine for a contractor to get the ticket number, then transfer the number to the subcontractor. The original violation stated that no ticket had been obtained. Information was provided that a ticket had been obtained, just not transferred.

There is NO form available on your website to enter a formal request though the link is indicated, it does not work.

Please acknowledge receipt of this request.
