**Date:** Thursday, May 4, 2017 1:39:14 PM

---

Betty,

Grant County Public Works would like to rescind the Grant Request for the Adams Road at grade crossing improvements. The crossing upgrades cannot be completed at this time due to BNSF railroad company not being able to complete their portion of the work before the end of the biennium in June 2017 which in turn prevents us from completing the reconstruction/widening of the County Road over the crossing.

Thank you for all of your help during this process.
