Re: PG-170686, Cascade's Revised 2017 Pipeline Replacement Plan

On June 1, 2018, Cascade Natural Gas Corporation (Cascade or the Company) filed its biennial Pipeline Replacement Plan (Plan) as required per the Commission's policy statement issued in Docket No. UG-120715. The Commission approved the Plan in Commission Order No. 1 issued in Docket No. PG-170686. The Company herewith files a Revised Plan as the Company has made material changes to its Two-Year pipeline replacement schedule.

Deletions and additions to the Two-Year Plan are explained in a column in the table listing the short-term pipeline replacement projects. A revised Appendix A is included as support for the changes made to the Two-Year Plan.

This filing includes this cover letter and the Plan which is attached as "PY-170686, CNGC Revised 2017 Pipeline Replacement Plan, 6.1.18.pdf."

If you have any questions, please contact Ryan Privratsky, Director of System Integrity, at (509)734-4599.

Sincerely,

*/s/ Michael Parvinen*
