<600>	Certify compliance regarding ability to function in emergency situations	Yes
<610>	Descriptive document for Functionality in Emergency Situations	522442wa610.pdf

Line 610
Statement Demonstrating Functionality
In Emergency Situations

At line 600 of FCC Form 481, St. John Telephone, Inc. (“ St. John”) certified that it is able to function in emergency situations as set forth in 47 C.F.R § 54.202(a)(2). This means that St. John has reasonable amount of back-up power to ensure functionality without an external source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations. This statement will detail how St. John is prepared to ensure continued service in an emergency situation.

St. John has back-up batteries that provide service for the central office during a power outage with the capacity to function for at least twenty-four hours for voice services. In addition, there is a natural gas powered generator available which can operate as long as the natural gas supply is not interrupted that automatically starts during any power outage or spike in power which powers the central office, business office and is utilized for voice and broadband services. Further, St. John has portable generators available for remote sites.

St. John has route redundancy for long distance service, E-911 trunking and SS7 signaling trunking.

St. John's outside plant is primarily fiber that is buried and, thus, protected from most weather events. Because of the fiber, St. John has the capacity to manage traffic spikes without extraordinary additional effort.

In the case of isolated groups of customers that may suffer damage due to a fiber cut, St. John maintains sufficient staff and other resources to be able to put customers back in service in a very short amount of time. St. John's emergency service equipment is located within its exchange and requires very little time to dispatch.

FEDERAL LIFELINE/LINK-UP PROGRAMS - www.lifelinesupport.org St. John Telco participates in the Federal Lifeline Program. Under this program, St. John Telco offers to qualifying low-income customers a discount off the monthly rate for basic residential exchange service or internet. The current discounted monthly rate for lifeline residential service or internet is up to \$9.25 per month. The Lifeline discount is available for only one telephone or broadband service per household. These services are available to all qualifying customers of St. John Telco. The costs associated with each are reflected each month on a regular telephone or internet bill along with other charges for services provided by us. Information about these and other services are available by contacting the St. JohnTelco business office at (509) 648-3322. 13/1

ST. JOHN TELEPHONE, INC.
522442

Line 1222 Details on the number of minutes provided as part of the plan.

St. John only provides its lifeline customers a flat rate local service. There is no measured local service provided, so the number of minutes provided is not necessary.

Line 1223 Additional charges for toll calls, and rates for each such plan.

St. John does provide access to toll service providers for its lifeline customers. The lifeline customer has to choose its own toll service provider, so no additional charges are noted or required by St. John.

4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations and provide a list of newly served community anchor institutions.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission's public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas.

RBE Community Anchor Institutions

<4003a> Indicate if the carrier newly deployed broadband service to community anchor institution(s) in the previous calendar year

<4003b> Please Provide Attachment: Using link, download template and list the number, name and address for each community anchor institution. Attach the document which contains the community anchor institution details as required by FCC 14-98 (paragraph 79)
