**BEFORE THE WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION
LESS THAN STATUTORY NOTICE REQUESTED BY:**

*** Company proposes to change (Include Title of Provision, Tariff number and Sheets/Pages being changed):**
Tariff #2, Tip Fee Increase and Customer Notification

*** Present provisions are:**
45 day notice to customers for all tariff changes.

*** Proposed changes are:**
Notify customers on the first bill as stated in WAC 480-70-271 (2)(a). This would occur January 1, 2024. There is also a tip fee filing LSN under WAC 480-70-266.

*** Explain why the company is proposing this tariff revision:**
Notifying customers on the first bill has been the historic practice and follows WAC 480-70-271(2)(a). The Company also received notification of a change in the Tip Fee calculation from the Transfer Station in King County effective January 1, 2024. The Company needed to work through and sort out how this would proceed.

*** Explain why the Commission should allow this tariff revision to take effect with less than 30 days' notice (45 days' notice for solid waste):**

The historic practice is to notify customers of a tip fee increase on the first bill per WAC 480-70-271(2)(a). Additionally the Company is filing the Tariff Revisions and Dump Fee Calculation with Less than Statutory Notice due to the new Fixed Annual Charge imposed by King County. This created confusion and communication back and forth with the Transfer Station as the Company worked out what this new fee would be and how it would be worked out.

Kathy Hunter
Acting Executive Director and
Secretary
