Rian Wren
AT&T

Rian:

Wanted to get a note to you concerning the individuals from GTE attending our meeting on Friday, September 22.

Steve Black will be out of the office on Friday, therefore, unable to attend. In his absence, supporting the strategic issues, will be Mark Robason, Director Market Strategy. Wayne Irwin, Director West Area, will be joining us, as the overall coordinator, and I have asked Frank Compton, the new Director-AT&T National Account Management, to join us as well.

I look forward to a productive meeting, and an opportunity to go over my new organization with you.
