

Comment on Puget Sound Energy's 2017 IRP – Docket Nos. UE-160918 and UG-160919

Name: Jane Jaehning Phone: 360 279-1261

Address: 1511 West Beach Rd, Oak Harbor, WA 98277

Comment: I hope you will take to heart the informed comments made by the public today. The following are of great concern to me:

- 1) Transparency regarding PSE consideration of true costs of use of fossil fuels
- 2) Destruction of natural resources in Montana regarding climate change and coal ash
- 3) The true need for coal. Montana has wind power!

Please consider the big picture. The true cost of fossil fuel is much greater than renewables.
