**RE: Dockets UE-220053, UG-22054, and UE-210854 – Multi-Year Rate Plan and Performance Based Ratemaking Metrics Compliance Filing**

Dear Mr. Killip:

In compliance with paragraph 99 and 193 of Final Order 10/04 in Dockets UE-220053, UG-220054, and UE-210854 (*Consolidated*), Avista Corporation, dba Avista Utilities (Avista or the Company), hereby provides its 2023 Annual and Fourth Quarter 2023 Performance Based Ratemaking (PBR) metrics, as well as its 2023 Multi-Year Rate Plan metrics outlined in Table 8 of the Final Order. These metrics can also be found on the Company's website at <https://www.myavista.com/about-us/our-rates-and-tariffs/washington-pbr-metrics>. Note the Company has developed an interactive map for viewing certain reliability metrics by census tract and in Named Communities, which can be found at the link listed above.

Regarding the Operational Efficiency and Earnings metrics required, data for calendar year 2023 will not be available until after the Company's next earnings call, scheduled for February 21, 2024, or until the Company's FERC Form 1 has been filed by the end of April. As such, the Company will supplement this compliance filing with the 2023 non-public material information when available.

Additionally, data for several of the Company's Greenhouse Gas Emission metrics is not available until June 2024. Avista will provide updates for these metrics with its Second Quarter 2024 compliance filing or with a supplemental compliance filing when the information is available.

If you have any questions regarding this filing, you can contact me at 509-495-2782 or [shawn.bonfield@avistacorp.com](mailto:shawn.bonfield@avistacorp.com).

Sincerely,

*/s/ Shawn Bonfield*
