Re: Docket No. UT-023003

Dear Ms. Washburn:

Verizon NW hereby respectfully requests copies of the Commission's workpapers used to create the cost estimates in the Twenty-Fourth Supplemental Order and access to electronic versions of the same through the cost models as soon as is feasible. Access to these workpapers will expedite Verizon NW's review of the Commission's changes to inputs in the cost models. Without the workpapers, Verizon NW will have to use trial and error to replicate the Commission's results, which will be substantially more time consuming.

Very truly yours,

Catherine Kane Ronis
