Jeff Killip
Executive Director and Secretary
Washington Utilities and Transportation Commission
P.O. Box 47250
Olympia, WA 98504-7250

Re: *Washington Utilities and Transp. Comm'n v. Washington Water Supply, Inc.*
Dockets UW-230598 and UW-240079 (*consolidated*)

Dear Mr. Killip:

Enclosed for filing in the above-referenced dockets are Cross-Exhibits and Exhibit List, on behalf of Staff, and Certificate of Service.

With respect to Cross Exhibit WWS-X (5), Staff has consulted with counsel for Washington Water Supply. That exhibit contains Washington Water Supply's Response to Staff Data Request Nos. 20 and 21, including attachment. The attachment contains personal information that would be inappropriate to place in the evidentiary record, including financial account information. Staff is in the process of redacting that information from the exhibit and will file an updated exhibit on Monday, April 14, 2025. Counsel for Washington Water Supply stated that she has no objection to this.

Staff estimates that it will have approximately 60 minutes of cross for Washington Water Supply's witness John Poppe.

Sincerely,

/s/ Lisa W. Gafken, WSBA No. 31549
Assistant Attorney General
