Re: Basin Disposal, Inc.- G-118 General Rate Filing
Docket Number TG-170189
Filing of Confidential Documents

Dear Mr. King:

There is currently a general rate case in Docket TG-170189 where Basin Disposal, Inc. (BDI) has requested financial relief from incurred and future Potentially Liable Party (PLP) environmental costs. The information in this letter has been requested by the Revenue Requirements Section after a recent site visit at BDI.

Pursuant to WAC 480-07-160, BDI provides the attached letter from its environmental counsel summarizing the pending PLP action and claims confidentiality of its contents under WAC 480-07-160 (2) (c), in asserting that the correspondence contains commercially valuable information particularly with respect to on-going, protracted litigation and also reflects privileged attorney work product which BDI provides to staff pursuant to the above-referenced general rate filing.

BDI is requesting this document be treated and considered as confidential under RCW 81.77.210 and WAC 480-07-160. If this information is disclosed to other parties the PLP Action Basin will be severely harmed.

If there are any questions please contact me or Darrick Dietrich at 509-547-2476.

Yours truly,

Weldon Burton
