Re: Washington Utilities and Transportation Commission v. Puget Sound Energy  
Docket Nos. UE-090704 and UG-090705

Dear Mr. Danner:

Enclosed please find the original and twenty-one copies of Mr. Scott Norwood's Exhibit SN-8C (Revised 1/11/10) relating to Public Counsel's recommended hydro generation adjustment. This revision is already reflected in Public Counsel's Revised Response to Bench Request No. 1, filed January 8, 2010, which generally incorporates corrections and changes based on information provided by PSE in discovery and rebuttal. The revised Public Counsel hydro generation adjustment reflects the impact of the most recent hydro generation data for Puget's hydro generation projects provided by PSE in additional discovery. Mr. Norwood's direct testimony indicates that such a revision would be made to the adjustment after the new data was received. Exhibit No. SN-1HCT, p. 36:6-11. Revised Exhibit No. SN-8C is being filed to maintain consistency with the revised bench request response. The new material containing the revision is shown in bold typeface in the exhibit.

Sincerely,

Simon J. ffitc
