065 Please refer to the Company’s Response to DR 019 and Responses Exh. E. Is it the Company’s position that Responses Exh. E contains fully supporting documentation for Ms. Mishoe’s statement that “Pacific Power’s ratepayers paid \$38,388 for the cost to install the conduits and vaults,” Complaint Exh. E, p. 2? If no, please provide any additional documentation that would support the full \$38,388 amount. If yes, please indicate the specific page(s) in Responses Exh. E that support the \$38,388 amount.

RESPONSE: On further review, Pacific Power located additional supporting documentation, which is enclosed herewith as **Exhibit E**, PC 000391-000394.

Pages 2 – 41 of Exhibit No. RBD-___CCX (Confidential Company Response to Club DR 65) are confidential per the Protective Order in UTC Docket UE-143932 and have been redacted in their entirety.
