

**Attachment 8 – Description of Pricing and Services for
IntelliLight® Optical Transport Service**

This Attachment 8 (Description of Pricing and Services for IntelliLight® Optical Transport Service (this **Product Schedule**) is entered into as of the date of last signature by a Party (the **Product Schedule Effective Date**) by and among Verizon Business Network Services, Inc. (“VBNS”), on behalf of Verizon Global Networks Inc. and the former MCI Affiliates identified on Attachment 1.1 to the Agreement (defined below), Bell Atlantic Communications, Inc. d/b/a Verizon Long Distance (“VLD”), NYNEX Long Distance Company d/b/a Verizon Enterprise Solutions (“VES”), and Verizon Select Services Inc. (“VSSI”), on the other hand (VBNS, VLD, VES, and VSSI are hereinafter referred to collectively as “**Customer**”) (each individually, a “Party,” and collectively, the “Parties”) and Verizon Services Corp. on behalf of the Verizon operating telephone companies set forth on the signature page to this Product Schedule (individually and collectively, **Verizon**). This Product Schedule is attached to that certain Master Services Agreement (**Agreement**), dated as of March 8, 2007, by and among the Parties, and made a part thereof. All capitalized terms not otherwise defined in this Product Schedule, Product Guide, or in the Agreement shall have the meanings set forth in Verizon’s Tariffs FCC Nos. 1, 11, 14 and 16 (individually, **Tariff**, and collectively, **Tariffs**), as applicable.

1. Service Description

- 1.1 **General Description:** Verizon’s IntelliLight® Optical Transport Service (the **Service**, or **IOTS**) provides managed optical transport of multiple protocols that are transmitted over a single fiber optic pair. IOTS is configured in diversely routed ring architecture. The ring allows for point-to-point optical services of varying wavelengths to be multiplexed on or off of the ring. A full description of the Service is set forth in the Product Guide (defined below).
- 1.2 **Product Guide for the Service:** To the extent not inconsistent with the provisions of this Product Schedule or the Agreement, the complete description of the Service and all terms and conditions for the Service are contained in the ‘IOTS Product Guide’ (**Product Guide**) which is incorporated herein by reference and provided separately to Customer. The Product Guide contains a comprehensive description of the Service for use by Customer, including without limitation for the following reasons: (i) in connection with its initial review and analysis of the Service; (ii) in making a decision as to whether or not to enter into negotiations for the Service to satisfy its particular business needs; (iii) in maintaining its Service in the most advantageous manner; and (iv) in staying abreast of enhancements or other modifications to the Service.
- 1.3 **Changes to the Product Guide:** Subject in all respects to the terms and conditions of this Product Schedule and the Agreement, Verizon in its sole discretion shall have the right to change terms set forth in the Product Guide. In accordance with Section 25 (Notices) of the Agreement, Verizon shall provide notice of any change to the Product Guide, and such changed Product Guide shall be the Product Guide as defined herein, and such changed Product Guide shall apply to all existing and new Services provided to Customer pursuant to the Agreement, the Product Guide and this Product Schedule from the date of such change to the Product Guide.

If Verizon makes significant and material changes to the Product Guide without the agreement of Customer and, as a direct result of such changes, Customer's ability to obtain the Services covered by this Attachment 8 are significantly and materially affected, Customer will be permitted to cancel the Services affected by the changes.

1.4 Tariffed IOTS and New Purchases of the Services: The Parties hereby agree as follows:

(a) *New Purchases of IOTS Services:* As of the Product Schedule Effective Date, Customer shall not place any new orders for IOTS services which are offered pursuant to the Tariffs (including such services offered pursuant to contract tariff options, individual case basis tariffs, specialized service arrangements, and all other tariffed arrangements) (collectively, **Tariffed Service(s)**). Customer shall place all new orders for the Service pursuant to the terms and conditions of this Product Schedule, the Product Guide and the Agreement.

(b) *Conversion of Existing Tariffed Service(s) to IOTS Services:* Tariffed Service(s) purchased prior to the Product Schedule Effective Date shall, as of the Product Schedule Effective Date, be provided pursuant to the terms of this Product Schedule and the Agreement. At Customer's option, Customer may either: (a) convert its Tariffed Service(s) to IOTS under this Agreement with the existing Commitment Period, on the terms and conditions, including the rates and charges, set forth in this Product Schedule and the Product Guide; or (b) convert its Tariffed Service(s) to IOTS Service under this Agreement and subscribe to a new Commitment Period of equal or longer length than the Commitment Period for the Tariffed Service, on the terms and conditions, including the rates and charges, set forth in this Product Schedule and the Product Guide.

(c) *Orders in Progress:* Any orders previously placed under the Tariffs for Tariffed Service(s) shall, as of the Product Schedule Effective Date, be governed by the terms of this Agreement, and Customer acknowledges and agrees that any and all amounts and obligations owed to Verizon on or after the Product Schedule Effective Date for Tariffed Service(s) provisioned or orders placed under Tariff shall be due and owing under this Product Schedule and be governed by the terms and conditions of this Agreement as if such Tariffed Service or orders for Tariffed Service had been provisioned or placed under the Agreement.]

2. Terms and Conditions

2.1 In order for Customer to receive the rates, terms, and conditions for the Service as set forth in the Agreement, the Product Guide and this Product Schedule, Customer must place the contract number assigned to this Product Schedule in the designated field of all service orders (to include Access Service Requests (ASRs)) submitted in connection with the Service.

3. Rates and Charges. Together with the charges set forth in the Product Guide, the Agreement, or incorporated by reference therein, the rates and charges for the Service are set forth below.

3.1 Rates and charges for IOTS Nodes, Ring Mileage, At-node Amplifiers, Mid-Span Amplifiers and Optical Transport Channels which were in service as of, or ordered prior to, August 16, 2005 are subject to Category I rates, unless the customer has converted to Category II rates. Category I rates and charges are provided in Sections 3.6 through 3.9 following.

3.2 Rates and charges for IOTS Nodes, Ring Mileage, Mid-Span Amplifier and Optical Transport Channels which were ordered on or after August 16, 2005 are subject to Category II rates. Category II rates also apply to IOTS which are converted from Category I to Category II. Category II rates and charges are provided in Sections 3.10 through 3.13 following.

3.3 Cancellation charges are provided in Section 3.14 following.

3.4 Inside Move charges are provided in Section 3.15 following.

3.5 Rates and charges for CSM and DTM are provided in Section 3.16 following.

Cut phone cable causes problems for Pullman; Bookie phones and Whitcom service disturbed

Daily Evergreen - WA

Construction workers caused problems for a few residents and businesses around Pullman on Monday afternoon. While working on new condos on College Hill, workers drilled into a major Verizon cable line, effecting approximately 700 customers including The Bookie.

The university has experienced problems like this before Dave Ostrom, direction of Information Technology Services said. They have a three ring system so that when events like this happen, the line switches to a secondary service and Monday their phone lines remained intact.

WSU Safety initially went out, but was restored, and the line also took out the cell phone antennas on top of the Cub.

Whitcom, a Palouse-area 911 dispatch service went down with the cut-line and had to relay their calls through WSU Ostrom said. Ostrom said there was no time line on the repair work. He said last time an event like this occurred technicians worked 24 hours a day for five days. Whitcom had restored service within a few hours and the Bookie had service again by 11 p.m. Monday night.
