Subject: General Rate Filing UW-081259
Replacement Tariff Pages

Dear Mr. Danner:

Enclosed are three (3) replacement tariff pages for the above referenced filing, reflecting company and staff agreed revenue and rates for this filing.

Pages are: Schedule No. 2 Metered Rate Service (2 pages)
Schedule No. 3 Ready to Serve Service (1 page)

The replacement pages should generate a lower amount of revenue than our proposed filing in this docket. The agreed increase will also change our proposed monthly-metered rates. The annual increase will be about \$2,300 or 8 percent increase.

The company is petitioning the commission for an exemption to WAC 480-110-425 (customer notice requirements) to allow the new rate design to go into effect with the revised rates at agreed levels on less than statutory notice per WAC 480-80-122. We have submitted this request and petition to allow rates to go into effect to coincide with our billing cycle and minimize our revenue shortfall.

Our proposed tariff says the effective date is October 1, 2008.
We ask the commission for an earlier effective date of September 15, 2008.

Please call me at 360 376-6360 if you have any questions. Our email address is mtroxel2006@centurytel.net
