Conditions:

- Existing customers may not decrease the size of the meter serving their property unless the Company, in its discretion, agrees such resizing is appropriate. The cost of any replacement meter and its installation shall be paid by the customer. The meter size may be increased if there is substantial new construction to a size determined by the Company to be appropriate for the use of the property. For new customers, the Company will determine the appropriate meter size taking into account the proposed use of the property.
- For customers that also have a Fire Suppression Installation under Schedule 15, the customers will receive a single bill for authorized use under both this Schedule and Schedule 15. Customers who have violated the terms of Schedule 15 such that the service under said Schedule 15 is deemed to have become a domestic service (see, Schedule 15, Condition C.12) will receive two bills, one for each service.
