RE: Sanitary Service Company, Inc., G-14 – Annual Recycling Commodity Price Adjustment (CPA) Tracker

Dear Mr. Danner:

Enclosed are revised tariff pages for our Annual Recycling CPA Tracker for Solid Waste Tariff No. 7. The tariff pages have an issue date of June 1, 2011, with a stated effective date of July 1, 2011 for the 12 months ended June 30, 2011.

This filing does not require an LSN as this filing is requesting a reduction from current rates for these customers.

This tracker combines the former annual recycling commodity price adjustment of Tariff No. 3 and the former annual recycling commodity price adjustment of Tariff No. 6 and creates uniform rates across all classes of customers within our newly adopted Tariff No. 7.

Recycling commodity values have improved since the last CPA. The impact of the tracker is a decrease in the WUTC residential recycling commodity rate from a debit of \$0.15 to a credit of \$0.24 per customer, per month for customers formerly within Tariff No. 6 and a decrease in the WUTC residential recycling commodity rate from a debit of \$0.25 per customer to a credit of \$0.24 per customer, per month for customers formerly within Tariff No. 3. The multi-family tracker decreases from a debit of \$0.45 per yard per pickup to a debit of \$.07 per yard per pickup for customers formerly under tariff No 6 and decreased from \$.20 per customer to \$.07 per yard for customers formerly under tariff No 3.

WUTC residential and multi-family customers will be notified of the decrease to the recycling commodity price adjustment on their next bill.

If you have any questions relating to this filing, please contact me at (360) 734-3490.

Sincerely,

Paul Razore
President
