DO NOT REDOCKET

Dear Mr. King:

On January 10, 2014, I requested an extension of the effective date of my filing to address issues noted by WUTC staff. With the assistance of WUTC staff, I have updated the Pedersen Family LLC tariff WNU-2 to include metered billing rates and charge customers on all water systems at the same rate.

Please find enclosed a new customer notice dated January 17, 2014 and the original and three copies of Pedersen Family LLC tariff, WNU2, with a new effective date of February 20, 2014. The customers have been informed in the letter to disregard the previous customer notice and the new open meeting date of February 14, 2014.

Tariff enclosed: WNU-2, in its entirety

Customer Notice, dated January 17, 2014

Thank you and your staff for working with me to address these issues. If you have any questions or comments, contact Kate O'Claire at Solmar Water System, Inc. at (360) 683-7191 or solmarwater@gmail.com on our behalf.

Cordially,

Martin Pedersen
