

**BEFORE THE WASHINGTON  
UTILITIES AND TRANSPORTATION COMMISSION**

In the Matter of Tariff Revisions to  
Increase Rates Due to a Disposal Fee  
Increase Filed by

WASTE MANAGEMENT OF  
WASHINGTON, INC. DBA WASTE  
MANAGEMENT OF GREATER  
WENATCHEE,

Certificate G-237

DOCKET TG-160020

ORDER 01

ORDER GRANTING EXEMPTION  
FROM RULE

**BACKGROUND**

- 1 On January 6, 2016, Waste Management of Washington, Inc. dba Waste Management of Greater Wenatchee (WM Wenatchee or Company) filed with the Washington Utilities and Transportation Commission (Commission) revisions to Tariff 13 to recover the increased cost of disposal fees. On January 25, 2016, the Company filed revised pages. The Company serves approximately 12,800 customers in Chelan and Douglas Counties. The Company's last general rate increase became effective on August 1, 2013.
- 2 On March 1, 2016, Waste Management, Inc., will increase disposal fees from \$62.70 per ton to \$65.83 per ton at the Greater Wenatchee Regional Landfill & Recycling Center. Staff's analysis shows the Company's proposed rate increase to recover these increased fees would generate approximately \$68,000 (1.1 percent) additional annual revenue and become effective March 1, 2016.
- 3 A disposal fee increase falls within the definition of a general rate increase pursuant to WAC 480-07-505. WAC 480-07-520 lists the minimum required information the Company must provide in a general rate increase filing. The Company provided information pertinent to the disposal fee increase but did not provide the remainder of the information required by the rule and did not request an exemption from the work paper filing requirements of WAC 480-07-520(4).
- 4 WAC 480-07-110 allows the Commission to grant an exemption from, or modify the application of, its rules if consistent with the public interest, the purposes underlying regulation, and applicable statutes. See also WAC 480-70-051.

5 WAC 480-07-370(1)(b)(i) states, in part, that the Commission may undertake an action that would be the proper subject of a party's petition, such as authorizing exemption from a Commission rule, without receiving a petition from a party.

6 Commission Staff reviewed the proposed tariff request together with other factors and recommends the Commission allow the tariff to become effective by operation of law, and, on its own motion, grant the Company an exemption from WAC 480-07-520(4), work paper filing requirements for this filing for the following reasons:

- (a) There have not been any significant changes since the last rate case that became effective on August 1, 2013. Reviewing the rate case documents, customer numbers are relatively unchanged, inflation has been low, and the Company has not changed its collection methods.
- (b) The increased disposal fees are set by Waste Management, Inc., and are required as a part of the Company's operations.
- (c) The Company's financial information supports the proposed revenue requirement and the proposed rates.
- (d) Staff concluded the proposed rate increase, by reason of the increase in disposal fees, is fair, just, and reasonable.

### **DISCUSSION**

7 The Commission concurs with Staff's recommendation. The purpose of the work paper filing requirements in WAC 480-07-520(4) is to provide the Commission with information to determine whether a proposed rate increase is fair, just, reasonable, and sufficient. Here, the Company has provided sufficient information to enable the Commission to make that determination, and providing the additional information the rule requires would be unnecessary and unduly burdensome. Accordingly, an exemption from this requirement for purposes of the filing in this docket is consistent with the public interest and the purposes underlying the rule and should be granted.

### **FINDINGS AND CONCLUSIONS**

8 (1) The Washington Utilities and Transportation Commission is an agency of the State of Washington vested by statute with the authority to regulate the rates, rules, regulations, practices, and accounts of public service companies, including solid waste companies.

- 9 (2) WM Wenatchee is engaged in the business of providing solid waste services within the state of Washington and is a public service company subject to Commission jurisdiction.
- 10 (3) WM Wenatchee is subject to the filing requirements of WAC 480-07-520, for general rate increase proposals. The Company did not file the work papers required by WAC 480-07-520(4) and did not request an exemption from WAC 480-07-520(4).
- 11 (4) This matter came before the Commission at its regularly scheduled meeting on February 11, 2016.
- 12 (5) An exemption from the general rate increase filing requirements set forth in WAC 480-07-520(4) for the filing in this docket is in the public interest and is consistent with the purposes underlying the regulation and applicable statutes and should, on the Commission's own motion, be granted.
- 13 (6) It is in the public interest to allow the revisions to Tariff 13 filed on January 6, 2016, and revised on January 25, 2016, to become effective on March 1, 2016, by operation of law.

### ORDER

14 **THE COMMISSION ORDERS**, on its own motion, that Waste Management of Washington, Inc. dba Waste Management of Greater Wenatchee, is exempt from WAC 480-07-520(4), for purposes of the tariff revisions filed in Docket TG-160020 on January 6, 2016, and revised on January 25, 2016.

The Commissioners, having determined this Order to be consistent with the public interest, directed the Secretary to enter this Order.

DATED at Olympia, Washington, and effective February 11, 2016.

WASHINGTON UTILITIES AND TRANSPORTATION COMMISSION

STEVEN V. KING, Executive Director and Secretary
