**RE: UE-\_\_\_\_\_—2016 Energy and Emissions Intensity Metrics Report**

In accordance with WAC 480-109-300, Pacific Power & Light Company (Pacific Power or Company), a division of PacifiCorp, submits its 2016 energy and emissions intensity metrics report. In response to a request from Staff of the Washington Utilities and Transportation Commission, Pacific Power is also enclosing a summary of short-term sales and purchases by counterparty. While this summary provides additional transparency and granularity, due to the unique nature of how the Company's net power costs are calculated in Washington, amounts provided in the counterparty summary will not tie to actual net power costs.

The short-term sales and purchases summary is confidential and being provided to the Commission in accordance with WAC 480-07-160. The confidential document includes valuable commercial information, specifically confidential cost and financial information. Disclosure of such information would harm Pacific Power by an unfair competitive disadvantage.

It is respectfully requested that any formal correspondence and data requests be addressed to:
