Re: Docket UE-190129: Amended Petition for an Order Authorizing Accounting Treatment of Costs of New Electric Services Related to Products and Services for Electric Vehicle Charging

Dear Mr. Johnson:

In accordance with WAC 480-07-370(3), Puget Sound Energy (“PSE”), encloses its Amended Petition for an Accounting Order Authorizing Accounting Treatment of Costs of New Electric Services Related to Products and Services for Electric Vehicle Charging.

On February 26, 2019, PSE filed a Petition for an Order Authorizing Accounting Treatment of Costs of New Electric Services Related to Products and Services for Electric Vehicle Charging. Since the initial filing, PSE had discussions with Commission Staff and Public Counsel and has incorporated some recommended changes into this amended petition. Mainly, PSE has removed the request to apply carrying charges to the deferred return on the EV program investments. Additionally, this amended petition provides additional detail regarding PSE’s current budget for its EV program.

Please note that portions of Attachment B in support of PSE’s amended petition contain information that is **Confidential pursuant to WAC 480-07-160**. This information is commercially sensitive and would harm PSE, its customers and shareholders, if released. PSE therefore requests that Attachment B be treated as confidential under WAC 480-07-160.
