**RE: Electronic Submission of Petition for Approval of Amendment 8 to the Tariff
Settlement Agreement of 2003
Docket No. TG-190267**

Dear Mr. Johnson:

On April 8, 2019, Olympic Pipe Line Company, LLC (“Olympic”) filed with the Commission a “Petition for Approval of Amendment 8 to the Tariff Settlement Agreement of 2003” (“Petition”). Part of the submission included Exhibit A, a copy of the executed Amended and Restated Settlement Agreement between Olympic, Tesoro Refining & Marketing Company LLC, and Phillips 66 Company. That Agreement was inadvertently marked as “confidential” in a footer to the Agreement, though the Exhibit was publicly filed. As a result, and to remove any confusion, I am attaching a new Exhibit A that redacts the “confidential” reference in the Agreement’s footer. Please substitute this Exhibit for the one filed on April 8, 2019 in this matter.

Please contact me if you have any questions about this filing.

Very truly yours,

Douglas C. Berry
