RE: UE-_____—2020 Energy and Emissions Intensity Metrics Report

In accordance with WAC 480-109-300, PacifiCorp dba Pacific Power & Light Company (PacifiCorp or the Company) submits its 2020 energy and emissions intensity metrics report. Consistent with prior reports, PacifiCorp is also enclosing a summary of short-term sales and purchases by counterparty. Since PacifiCorp received a waiver from the requirement to file its 2019 Energy and Emissions Intensity Metrics Report, the Company is including with this report the summary of short-term sales and purchases by counterparty for 2019. While this summary provides additional transparency and granularity, due to the unique nature of how the Company's net power costs are calculated in Washington, amounts provided in the counterparty summary will not tie to actual net power costs.

The short-term sales and purchases summary is confidential and being provided to the Commission in accordance with WAC 480-07-160. The confidential document includes valuable commercial information, specifically confidential cost and financial information. Disclosure of such information would harm PacifiCorp by an unfair competitive disadvantage.
