initiation protocol (SIP) traffic for approximately \$42,100, replaced obsolete optical network terminal equipment for approximately \$24,700 and installed fiber drops for approximately \$29,400. Also, the Company had plant under construction for approximately \$12,100 that remained open at fiscal yearend. The funds received from the universal communications services program can be viewed as contributing to the Company's ability to perform these projects.

3) WAC 480-123-130(1)(c) – Broadband Buildout Deployment

The Company falls into criterion four of WAC 480-123-110 and as a result has constructed broadband infrastructure throughout all its service territory. This means that the Company is using program support to allow it to continue to provide a high level of telecommunications services and broadband services, with enhancements becoming available where appropriate.

4) WAC 480-123-130(1)(d) - Unfilled Consumer Requests for New Basic Telecommunications Service*

None

* Service requests that are ongoing but still within normal processing times are not counted as unfulfilled.

5) WAC 480-123-130(1)(g) - FCC Broadband Data Collection

This Company previously filed its Broadband Data Collection polygons or lists on or about March 1, 2023, under Docket UT-230043.

6) WAC 480-123-130(1)(h) - Report on Operational Efficiencies/Business Plan Modifications

The Company continually reviews its operations to determine if efficiencies can be achieved. The Company already has a plan in place to concentrate on improving broadband service while continuing to provide high-quality basic telecommunications service to the customers that are located within the area that the Company serves. The funds received from the universal communications services program can be viewed as assisting in the Company's efforts to obtain operational efficiencies.

7) WAC 480-123-130(1)(i) - FCC Form 477

This form was previously filed on or about March 1, 2023, under Docket UT-230020. The 477 Subscription Data at census tract level on a Washington state basis has been moved and renamed to the Broadband Data Collection report.
